

Pathway
Screening for Sickle Cell and Thalassaemia

Request for this test can be made by the GP, midwife, consultant or anaesthetist

Result is sent to the professional who made the request

Copy of the result is sent to the Sickle Cell and Thalassaemia Service

The following is sent of from the service:

- A letter identifying the result with an invitation for counselling if necessary
- A green or gold card according to the result
- Leaflet about Bristol OSCAR, Sickle Cell and Thalassaemia Centre who provide the counselling on carrier/trait status
- Any one with the disorder is contacted by the Clinical Coordinator
